Symbolic moment of IndoBuildTech Expo 2018 grand opening by Director General of National Export Development-Ministry of Trade, President Director of Debindo-ITE, President Director of CIMB Niaga and supporting associations.

Mr. Raditia Zafir Ahmad - General Manager of Debindo-ITE, explaining about the current theme of IndoBuildTech Expo 2018 and its realization within the exhibition.

2018 HIGHLIGHTS

Sustainable Urban Development

IndoBuildTech Expo 2018 introduces a new theme of Sustainable Urban Development. The purpose of this new concept is to demonstrate on the way to establish a sustainable city, which demand has significantly increases all over the world due to the forecast of 50 percent of world population will reside in metropolitan area, while its surrounding resources is diminished continuously.

Sustainable Product Award

Sustainable product award is also introduced within this year of exhibition. Several exhibitors' products taken from each product sector that promotes the element of sustainability within urban building and establishment is presented to the visitors, giving the audiences the role model of sustainability advancement.

Diorama

The implementation of this new theme is firstly done through IndoBuildTech Sustainable Urban Diorama. In this stage, massive concepts and ideas generation is presented to all participants of IndoBuildTech Expo 2018. Urban phenomenon such as, traffic congestion, waste management, land utilization, and energy reservation are deliberately presented alongside with viable solutions and examples around the globe.

IN.CEP.TION

IN.CEP.TION is a dedicated space for architects and interior designers located in Hall 10 Pre-Function area, to showcase for more than 100 masterpieces consists of the detailed information on the panel to IndoBuildTech's visitor. Visitor in need of design service will get consultation assistance in Architect Lounge which located in Hall 7.

IndoBuildTech DIGITAL INNOVATION

BANGUNESIA

The perfect digital solution for every need of building, architecture and interior design which all exhibitors and visitor of IndoBuildTech are the stakeholders of Bangunesia. Finding the latest product, publishing your projects and getting the latest design are never been this easy.

more than

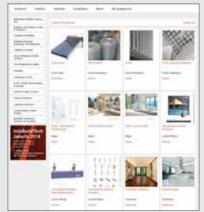

more than **700** Building Material Product Display

15 Building Material Product Category

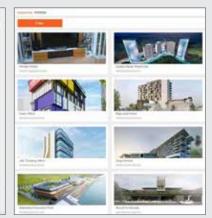

One solution to your various product needs

The right media to publish the various needs for your building project

To display the portfolios from the best architects in the country

INDOBUILDMATCH

Prepare yourself to match and meet the entire business partner at IndoBuildTech Expo. IndoBuildMatch helps to bring prominent visitors and decision makers in the company also exhibitors together to make a business deal during the expo. Exhibitors and potential visitors will bring together in IndoBuildMatch based on 26 building and interior material product categories at IndoBuildTech exhibition Jakarta 2018. The business matching module can be accessed through www.indobuildmatch.com.

Exhibitors can access IndoBuildMatch's leading features such as:

- Company Page that displays the company logo and products along with its description on the website.
- IndoBuildMatch facilitating exhibitors to set up a five-day meeting schedule on the meeting schedule page.
- Exhibitors can find and request meetings with potential visitors who have a common interest in certain products.
- Exhibitors will get the e-mail notification to remind them about: list of visitors, meeting requests, meeting approval, meeting cancellation, and meeting notifications.

EXHIBITOR TESTIMONIALS

VISITOR & ASSOCIATION TESTIMONIALS

Mr. Andra Matin - Architect

IndoBuildTech has proven itself as one of the best platform for leading figure of built environment in Indonesia. It provides the opportunity for designers, contractors, and suppliers to meet and create something new together.

Mr. Don Pieto, DP+HS - Architect

A very good event that has a potential to be a catalyst for the green movement and green awareness, as well as the industries itself. INCEPTION was a smart feature and relevant to the general theme. It still has room for improvement, but overall we think it was well-organized.

Mr. Astungkara Handyan, Km0Studio - Architect

I really very much enjoyed IndoBuildTech Expo 2018 and it was a true pleasure. I would like to thank you very much again for your kind invitation and perfect hospitality to me.

Mr. Iwan Prijanto – Chairman Indonesia Green Building Expert

Ever since Indobuildtech EXPO was held in ICE BSD which I observed from year to year it is clear that this leading exhibitions forum in the construction and building industry have improved in quality and its roles. Indobuildtech EXPO 2018 is not just an ordinary expo but has become a great forum and destination of interaction and communication among communities and stakeholders in the building and construction industry in Indonesia. Bravo and salute for PT Debindo ITE as a credible, creative and effective 1st class facilitator and communication hub for all stakeholders in the building and construction industry in Indonesia.

Pierre A Pongai – Vice Chairman of Ikatan Arsitek Indonesia (IAI) Banten

Along with the organizing of IndoBuildTech (IBT) 2018, IAI Banten has organized Banten Arch Week (BAW) 2018 as one of the organization's main annual programs. The collaboration between IBT2018 and BAW 2018 has enormous benefits to improve the role of professional architects' organization, to enhance the role of architects' in national development, and to increase the construction industries in Indonesia. Hopefully, the collaboration between IBT and BAW can be continuously established and improved better and more massively in the coming years.

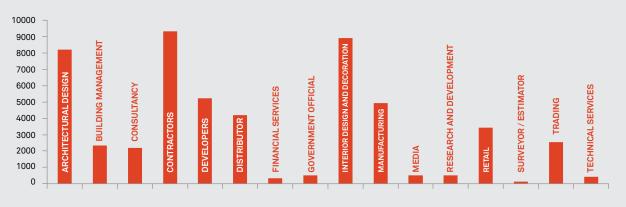

Mr. Chairul Amal Septono, HDII – Chairman of HDII DKI Jakarta

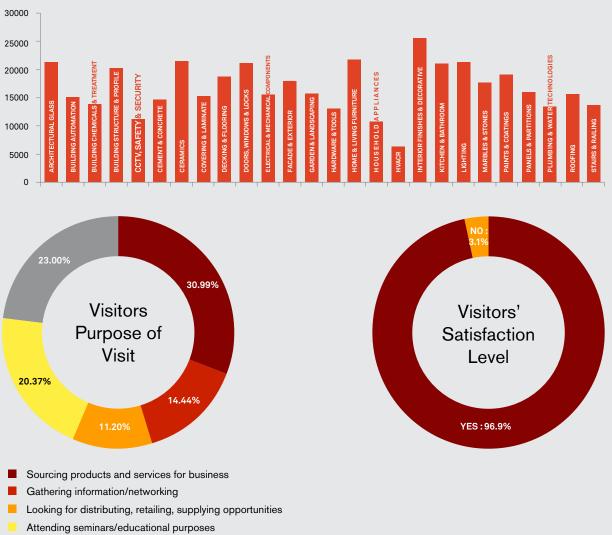

IndoBuildTech is a special "big mega" exhibition. A place to bring together all parties in Construction, Building, Architecture, Design, Higher Education, Professional Organization and all related aspects. From year to year IndoBuildTech is always better and better. Being part of IndoBuildTech is a great pride, and it is a positive energy to bring optimism in the profession.

THE VISITORS

Visitors Nature of Business

Visitors' Product of Interest

Personal interest

THE BUSINESS PROGRAMME

IndoBuildTech Business Programme, a regular agenda during the events. The presence of Sustainable Urban Development has brought up ideas and topic which disseminate into each program. Five days of professional forum shared by prominent figures discussing the alleviation of today's and future urban development features the latest technology, innovations, and insights. Also, providing schedule for professional certification for all stakeholders in architecture, building and interior industry.

ARCHINESIA Master Talk

Annually held in every series of IndoBuildTech Expo, ARCHINESIA Master Talk is an open for public architecture event that packed into seminar session that has the biggest magnet for architects and architecture students. This year topic of "Greenness and Verticality" brings internationally recognized architects from ASEAN countries; Mr. Ken Year – TR Hamzah & Yeang (Thailand), Mr. Takahito Yamada - Vo Trong Nghia Architects (Vietnam), Mr. Mustapha Kamal (Malaysia) and Mr. Jimmy Priatman - Archimetric (Indonesia), also Mr Sigit Kusuma – SIG Architect (Indonesia) as moderator, to share their greatest achievement to 250 attendees to ICE BSD City.

Indonesia Smart Nation Award (ISNA) 2018

A forum held by Citiasia.inc to give an appreciation for cities which done their effort to develop their tourism, investment, and businesses to achieve the criteria of smart city. The award is given by The Ministry of Tourism Republic Indonesia, Mr. Arief Yahya to 3 cities and divided into 7 categories are Smart Readiness, Smart Governance, Smart Branding, Smart Economy, Smart Living, Smart Society, and Smart Environment. In the process, ISNA 2018 is measured by various parameters that came from cities, regency, and province in Indonesia from 2014 until 2017.Aside of giving an award, The 3rd ISNA 2018 also invites industry players, hotel association, airline, travel agent, and event organizer in collaboration of Citiasia.inc with an tourism association called Visit Indonesia Wonderful Indonesia (VIWI).

Airport Terminal Design Workshop

The seminar is expected to be a medium for sharing stakeholders' experience and knowledge in planning and designing airport terminals to achieving the ideal connectivity across the archipelago for the entire Indonesian community. Air transportation is proclaimed by the Indonesian Government in the national strategic project. Number of passengers has increased significantly since the last year, which means the development of airport is seen as a promising opportunity for investment.

Architect Law Socialization

The ratification of the Architect Law in 2017 sets a new milestone on the practice of architects in Indonesia. Nonetheless, the implementation of the Architect Law requires the role from various stakeholders to follow up the mandated. It requires the role of the national government to provide the derivatives regulations, the role of local government to licensed architects, the role of IAI to certified architects and providing sustainable professional education, as well as the role of architecture colleges to deliver excellent architectural education. In respond to that, IAI Banten initiated the Socialization of Architect Law through a panel discussion from related stakeholders.

Arte-polis International Symposium 2018

Started in 2006 by Bandung Institute of Technology (ITB), Arte-Polis is a biennial event in collaboration with other creative industries and institutions. Practitioners, academicians, community leaders, local government officials, policy-makers and other professionals from diverse disciplines and regions around the world sat together to share and learn from experiences regarding current issues, best practice and policy implications on the first place. In this 7th event of Artepolis, we organize and international symposium and workshop with the theme: Creating Meaning: Making Place in the Era of Automation to deliver insights of the future of creative process in automation-led industries, dynamic changes of delivery methods in creative industries, particularly in architecture and buildings and technology-enabled creation of place-making.

THE PROMOTION

We assesses promotion as a vital strategy in providing information to the public. To support the purpose of the right promotion, we combine digital and conventional media promotion through selected radio, strategic billboard locations, direct mail to our database visitors and exhibitors, advertise in leading newspapers and magazines, also various advertisements on social media.

<complex-block>

This is only a part of our visitor campaign

SPONSORSHIP

The key of a successful exhibition is also determined by number of event sponsors. Here at IndoBuildTech, we invite our exhibitors to maximize their brand and product exposure before and during the event by utilizing the exhibition promotion channel. Several brands already feel the branding benefits by interesting sponsorship packages as follows :

Hanging Banner, maximizing promotional budget is a liability. Hanging banner is a sponsorship item with an affordable price but has a high branding effectiveness.

T-Banner, best-selling sponsorship item at IndoBuildTech 2018. In addition to increasing brand awareness, Sponsors indirectly invites visitors to visit their booth during their way to the exhibition.

Backdrop Promotion, Promote your brand and advancements at Prime exhibition area. This sponsorship item is in great demand due to its exclusivity for one sponsor only.

Lanyard, this item is one of the main elements in an exhibition. Where this Lanyard will be in use by every stakeholders at the exhibition.

Promotion space at Tabloid, IndoBuildTech tabloid is the right tool to increase your company's brand awareness. This tabloid is distributed to all database of IndoBuildTech visitor which are your potential buyer.

Billboard, a strategic point to make Billboard an appropriate tool to promote your company's brand before the show days.

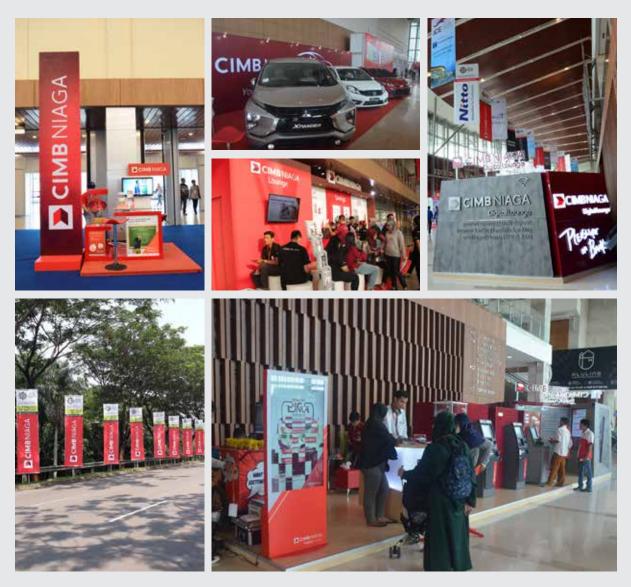

Sponsorship Forum, Sponsor can participate in getting a very effective promotion. Because the audience / participants of the forum are the right target of the sponsor.

This is the second year of CIMB Niaga's involvement as the bank partner for IndoBuildTech. Participating in this event is part of CIMB Niaga's commitment to continually support the growth of the national economy through both the infrastructure and construction industries respectively. As the second largest national private bank in Indonesia, CIMB Niaga offers a one stop financial solution for customers aiming to be part of their important journey to reach their dreams through comprehensive end-to-end financial products and services complimented with seamless technology. We are delighted that the five-day exhibition of IndoBuildTech 2018 went successfully and our special programs aimed at the hundreds of exhibitors and thousands of visitors were well accepted. Congratulations IndoBuildTech 2018 and we wish nothing but success for IndoBuildTech 2019. – Muhamad Firdaus Andjar – Customer Segmentation, Brand and Marketing Group Head – CIMB Niaga

MEDIA PARTNER

Since the first edition of IndoBuildTech Expo, the presence of media partner and journalist are always been the part of exhibition. IndoBuildTech consistently involves the media by conducting mutually beneficial cooperation. Throughout the exhibition, IndoBuildTech provides media center room for the press to report the news during show days.

Our media partner also contribute more by conducting several variety of seminars and workshops during the exhibition. Thus, the quality of relationship with media is not only just for business, but also become IndoBuildTech big family.

Thank you for your participation and see you at

IndoBuildTech 20-24 MARCH 2019
