SFCU

Who we are

SFCU (Sistemi Formativi Confindustria Umbria S.c.a r.l.) is the training agency of Confindustria Umbria, the main national associations representing manufacturing and industrial sector of the Umbria region.

Our projects are a constant focus on the needs expressed by companies with a continuous monitoring of the training needs expressed by them. The courses delivered and normally free, under the payment of a fee for participants; they are funded by public or private funding and they aim at qualifying young people, unemployed people or at updating staff by providing knowledge and expertise in all major areas of business.

What we do

Many of SFCU activities' are funded by the European Social Fund (ESF), public funds from Ministry of Labour, Umbria Region, Province of Perugia, Terni Province, the Chamber of Commerce of Perugia and Private Funds. The activities can be classified into five macro-areas:

- Entrepreneurial, managerial and technical training;
- Postgraduate diploma and vocational training;
- Training centers for innovation;
- Guidance, counseling, mediation between demand and supply of labor, job training with a scholarship;

- System Actions.

Our European Projects

In the last years, SFCU has further moved into the European cooperation, starting developing an EU-wider networking cooperation with other institutions all over the European Union.

The most significant projects are:
